Conference Details

Adv No. : ORCME2025
Conference Name : Onco-Rehabilitation CME 2025
Conference Venue : Tata Memorial Hospital, Lecture hall, 2nd Floor, Golden Jubilee Block, Mumbai
Conference Dates : 20/01/2025 To 21/01/2025

Description

Dear Friends,

We welcome you all to the CME program on "Onco-Rehabilitation" organized by the Department of Physiotherapy, Tata Memorial Hospital, Mumbai on the 20 and 21st January 2025.

For over half a century, Tata Memorial Centre has been in the forefront in its fight against cancer. It remains a unique institution, where patients afflicted by this disease get a multidisciplinary care and comfort under one roof.

The Physiotherapy Department with its dedicated and qualified staff continues in its efforts to educate, instruct and restore cancer patients to the highest level of functioning.

Treatment of cancer causes a lot of distress, disability and disruption which affects the quality of life. Although rehabilitation in oncology is an established discipline in the developed world, in India it is an emerging field. We believe this CME program will highlight and refresh your understanding of cancer rehabilitation and will serve as a platform to generate constructive ideas to help cancer patients and their caregivers through their illness.

We look forward to your extensive participation. This CME program is open to oncologists, therapists, intern and allied health care professionals.
